

QUALITY AND ENVIRONMENT POLICY

Creasens S.r.l. was founded in 2014. Since then, the Company has grown significantly and the experience accumulated combined with the quality of the products and services provided represent the winning formulas to adequately address the national and international market.

The constant technological evolution, the increased competitiveness, the specificity of the requests coming from the market, mean that being chosen and appreciated today by its Customers, means qualifying its company in terms of efficiency, quality, reliability and service.

Creasens S.r.l., fully aware of its role and responsibilities within the economic and social community, has made the development of quality, human capital, environmental protection and health and safety in the workplace an element of its corporate culture and of its relationships with the Interested Parties.

In the context of this Policy and in the commitment to its formal pursuit, it declares to:

- Seek complete satisfaction of the needs and expectations of the relevant Interested Parties;
- Constantly monitor the internal and external context in which it operates;
- Carefully evaluate the risks and opportunities of its processes, considering climate change as a relevant issue today;
- Maintain a high quality standard of products;
- Constantly commit to improving the Quality Management System;
- Take an active role in protecting the environment in carrying out its activities, using all measures aimed at preventing pollution and promoting environmental improvement objectives with a view to sustainable development;
- Satisfy its compliance obligations, while ensuring that all measures to control its environmental impacts are applied;
- Develop and implement training and awareness programs for its staff on the Quality Management System, in order to make each employee aware of the effects and consequences of their activity;

The Management of Creasens S.r.l. undertakes to support the implementation of this Policy and compliance with the principles contained therein.

The Policy is periodically checked and updated by the General Management, in order to guarantee its validity and correspondence to the company's needs and those of the Interested Parties.
